

The 5th UK Mesenchymal Stem Cell (MSC) Meeting

Aston University, Birmingham, 1st July 2011

Keynote Speakers

Paul Simmons (Houston, USA)

Pierre Charbord (Paris, France)

Ivan Stamenkovic (Lausanne, Switzerland)

Sam Janes (UCL, UK)

Charlie Archer (Cardiff, UK)

This one-day conference highlights the most exciting developments in basic science and translational aspects of Mesenchymal Stem Cell (MSC) research in the UK and worldwide. In addition to plenary talks from internationally renowned speakers, the program is structured to include 4-6 oral paper presentations selected from submitted abstracts. The meeting has provided a lively forum for networking, discussion and debate for approximately 200 delegates worldwide, particularly helping UK researchers to play a prominent role in this active field of stem cell research. All delegates are encouraged to submit abstracts for poster presentation.

Important dates:

Abstract deadline: Friday April 29th 2011

Registration deadline: Friday May 27th 2011

Meeting: Friday 1st July at Aston University, Birmingham UK.

Organising Committee

Eustace Johnson (Aston University)

Paul Genever (York University)

Ilario Belantuono (Sheffield University)

Elena Jones (Leeds University)

Abstract Selection Committee

Alicia El Haj (Keele)

Jon Frampton (Birmingham)

Sue Kimber (Manchester)

Richard Oreffo (Southampton)
